Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations. Training attended by Senior Leaders will be cascaded and made available to all staff to be aware of any requirements for the process of determining grades.*
- *All staff will be made aware of the JCQ document <https://www.jcq.org.uk/wp-content/uploads/2021/04/JCQ-Guidance-on-the-Determination-of-Grades-for-A-AS-Levels-and-GCSEs-Summer-2021.pdf> prior to grades being awarded*
- *All staff will be made aware of the JCQ document <https://www.jcq.org.uk/maintaining-objectivity/> prior to grades being awarded*
- *All staff will be issued with a copy of this policy and any other documentation so that they are fully aware of the process and their role and responsibility within it.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *No NQTs are directly involved in determining teacher assessed grades, however they will be encouraged to follow the process for their own development*
- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance (<https://www.gov.uk/government/publications/submission-of-teacher-assessed-grades-summer-2021-info-for-teachers/information-for-heads-of-centre-heads-of-department-and-teachers-on-the-submission-of-teacher-assessed-grades-summer-2021-html>) on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers. These will be, for example, End of Unit Tests made up of past paper questions.*
- *We will use non-exam assessment work (often referred to as coursework), including where this has not been fully completed, in line with advice and guidance issued by both OCR and Pearson (BTEC).*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as Music and PE.*
- *Whilst we will be using evidence from many sources as detailed here, greatest weight will be given to assessments carried out under High Levels of Control such as externally invigilated Mock Examinations and formally sat assessments.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that has not been taught.*
- *These materials will be used for formal assessments with a high level of control*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college. Where this is the case students and parents will need to complete a statement of authenticity.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e., their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias. (See training & objectivity)*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared. These will be stored centrally for easy access.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisations.*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisations.*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be:*
 - *Art – Subject Leader, Music*
 - *Music – Head of Centre*
 - *Food & Nutrition – Faculty Leader, Creative & Physical*
 - *CHILD Development – Faculty Leader, Creative & Physical*
 - *iMedia – Subject Leader*
 - *Business – Faculty Leader, Communications*
 - *Design Technology – Faculty Leader, STEM*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We have produced a spreadsheet of previous years' results for staff to use as a comparator.*
- *Subject Leaders will use this when comparing the profile of results this year against previous years.*
- *Where / if there is a divergence from previous cohort's results, we will produce a narrative to explain any differences, e.g., cohort ability / size, staffing changes, curriculum changes etc.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

All staff will be made aware of the JCQ document <https://www.jcq.org.uk/maintaining-objectivity/> prior to grades being awarded

Senior Leaders, Heads of Department and Head of Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed;*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Very few, if any, assessments to be used in determining grades will use work completed outside of the school setting.*
- *The vast majority of evidence used for assessment will be work completed in exam conditions.*
- *NEA e.g. in Creative iMedia, was done via MS Teams. Work was unlocked at the start of sessions and locked again at the end. During the sessions pupils were online and supervised by staff. Form to be completed by pupils as normal for authentication.*
- *Robust mechanisms, which will include comparison of work quality with that done in class and comparison of language used etc, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity. (OCR <https://www.ocr.org.uk/Images/613602-examples-of-determining-teacher-assessed-grades-in-a-range-of-scenarios.pdf>) (Pearson <https://www.pearson.com/uk/educators/fe-college-educators/vq-bulletin-blog.html>)*

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).*
- *All staff were asked to complete a conflict of interest form at the start of the school year where it was applicable.*
- *We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.*

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

Candidate Confirmation: How grades will be awarded in Summer 2021

Candidate name		Candidate number	
----------------	--	------------------	--

This completed form must be returned to your form tutor by Friday 7 May

I confirm have been made aware of relevant guidance intended for candidates who will be awarded grades in summer 2021, including: (Please tick each box to confirm each statement)

the Joint Council for Qualifications ^{CIC} (JCQ) document [Guidance for students, parents and guardians: GCSEs and AS/A Levels in England Summer 2021](#) (published here www.jcq.org.uk/summer-2021-arrangements/)

the Harrytown Teacher Assessed Grades Policy

I confirm my understanding specifically includes the following:

- How candidates will be assessed
- That subject teachers will initially determine the grades, which will then be reviewed by other teachers in the school, so grades are determined consistently with the school's policy. Awarding bodies (exam boards) will check this policy to make sure it meets their requirements
- The professional judgement of teachers will **only be based on what candidates have been taught** and teachers will use a range of evidence from across the course of study to make their decision
- This evidence may include pieces of work that have already been completed/partially completed and/or further tests/assessments that will be set
- The range of evidence that teachers use to inform grades will be consistent across each class or cohort for each qualification. However, the school may decide that a different range of evidence may be more appropriate to fairly inform a grade, if, for example, a candidate has missed significantly more teaching than others in the class
- Where a candidate has been granted approved access arrangements/reasonable adjustments the school should ensure that these were/are in place when evidence was/is being gathered. Where appropriate reasonable adjustments were not in place when the candidate took an assessment that is being used as evidence, the teacher should take that into account when determining the candidate's grade or the school could also consider whether other evidence could be used instead
- Teachers will tell candidates which pieces of work will be used as evidence to inform their overall grade for each subject that candidates have been entered for. Candidates will have the opportunity to raise any concerns about the evidence being used, for example, if the evidence was affected by personal circumstances, such as illness. Teachers will make the final judgement about what evidence is to be included - this is not a negotiation. Teachers will not be able to tell candidates the grades they will be submitting to the awarding bodies (exam boards)
- When candidates will receive their grades results from the relevant awarding body (exam board)
- After results have been received, there will be an appeals system as a safety net to fix any genuine errors that were not identified earlier in the determination of grades process

If you have any questions about any of the above, please speak to Mr Turner as soon as possible.

By signing here, I am confirming my awareness and understanding of how grades will be awarded this summer
